Chief Dull Knife College
Post Office Box 98
Lame Deer, Montana 59043

General Job Description: The Physical Sciences Instructor will teach general, inorganic, and organic chemistry; geology; physics; and, other physical sciences as needed. Teaching responsibilities include the revision and up-dating of existing courses, development of new courses as necessary, and the incorporation of new technologies and teaching strategies in the classroom. Additionally, the instructor will serve as academic advisor for students interested in majoring in chemistry, engineering, and other physical sciences.

QUALIFICATIONS: Education: Master's degree in chemistry, physics, or geology with sufficient course work to teach lower-division physical science courses is highly preferred. Appropriate Bachelor's degree and chemistry/physical science teaching experience combination considered.

Experience: Two years of high school or college science teaching experience is required. Teachers with experience working with Native American students are preferred.

Major Specific Responsibilities:

1. Teach chemistry, physics, and other physical science courses.
2. Revise and up-date chemistry and physical science courses as necessary, while incorporating new technologies and teaching methods as appropriate.
3. Advise students in the fields included in physical science and pre-engineering studies.
4. Participate in continuing professional development which may include: continuing education in teaching methods or science; K-12 or community outreach; or scientific research.
5. Participate in the long-term planning and development of the Science Department. This will include the development of appropriate new courses as they are required.
